Bennito Roel Van Leeuwaarde	)	
	)	
	)	

This matter comes before the Court on Defendant's motion to preserve the contents of email accounts resulting from search warrants directed to Microsoft Corp. and Google Inc., and accompanied by a destruction order issued by United States Magistrate Paige Gossett on December 23, 2014. Assistant United States Attorney Eric J. Klumb has no objection to Defendant's motion.

To preserve potential exculpatory evidence, and to protect Mr. Van Leeuwaarde's privacy rights, the Court grants Defendant's motion. The remaining email content resulting from the aforementioned search warrants not retained as direct evidence by the Government is to be preserved and turned over to Ms. Penn, in lieu of being destroyed.

AND IT IS SO ORDERED.
